

Norma Nielson

Program Director, Financial Markets Regulation

Dr. Norma Nielson has been a Professor in the Haskayne School of Business since July 1997 when she moved to Calgary to assume the duties of the industry-endowed Chair in Insurance and Risk Management. She also leads the Financial Markets Regulation program at The School of Public Policy.

She holds a BS in Mathematics and Business/Computer Science from Northwest Missouri State University and an MA from the University of Pennsylvania. Prior to joining Haskayne, Dr. Nielson spent twenty years in academic positions at Oregon State University, the University of Southern California, and Iowa State University.

Norma's research has produced over fifty publications, including articles in such journals as the Journal of Risk and Insurance and the Journal of Pension Economics and Finance. She has conducted research projects for the Property & Casualty Insurance Compensation Corporation (PACICC), the Insurance Bureau of Canada and the Law Commission of Canada and serves as Director of the Risk Studies Centre.
